¹ Based on 2008 GM Compact MPV segment. ² Cargo and load capacity limited by weight and distribution. ³ Side-impact crash test rating is for a model tested with standard head-curtain side-impact air bags (SABs). Government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (www.safercar.gov). ⁴ Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger air bag. See the Owner's Manual and child safety seat instructions for more safety information. ⁵ Includes underfloor storage. Cargo and load capacity limited by weight and distribution. ⁶ Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your Chevy dealer for details. ⁷ Requires the ECOTEC 2.4L engine. ⁸ E85 is a combination of 85% ethanol and 15% gasoline.
