

## FOR ALL THE RIGHT REASONS.

For more than 50 years, millions have chosen Impala as one of America's favorite rides. It's easy to understand why. Impala earns high marks for fuel economy, offering up to an EPA estimated 29 MPG highway,<sup>1</sup> and received a five-star frontal crash test rating.<sup>2</sup> When it comes to passenger seating, Impala delivers more than Ford Taurus, Toyota Avalon and Chrysler 300, with available seating for up to six.<sup>3</sup> Plus, Impala offers a segment-exclusive<sup>4</sup> flip-and-fold-flat rear seat (available on select models) for flexibility and additional cargo capacity. So, it's not surprising that *Kelley Blue Book's* kbb.com said, "Impala will thoroughly meet your needs and probably exceed your expectations."
