We all have our own unique, personal style. And now your Pontiac can, too. Thanks to the many accessories we have to offer, customizing your car to your tastes is as easy as scrolling through our list and choosing what you like. For pricing and availability on a specific accessory, visit [Pontiac Accessories](#) or see your [local dealer](#) for more information.

Available Exterior Accessories
Convenience Net

Secure items in the cargo area of your Vibe with this envelope style Convenience Net.

[Back to top](#)

Available Interior Accessories

Floor Mats – Front and Rear Premium All Weather

These custom, all-season floor mats provide excellent fit and function. High, raised edges help keep mud, snow and debris contained for easy cleaning.

Smoker's Package

Convenient for those who choose to smoke in their vehicle. Fits perfectly into the standard cup holder. It's easy to remove. Constructed of flame-retardant material.

Smoker's Package – Cigarette Lighter

Convenient for those who choose to smoke in their vehicle. Fits into a 12 volt power outlet.

SAFETY

More than style, more than performance, it's your well being that drives us.

Prevention

When it comes to Pontiac vehicles, style and performance are our hallmark—but if there's one thing we take just as seriously, it's safety. We instill it into everything we do—from initial engineering through the build process to the final product.

We take a great amount of pride—not to mention the energy and planning we put forth—to ensure that our vehicles and their passengers are safe.

ALL-WHEEL DRIVE

For added all-weather performance, all-wheel drive delivers torque to the rear wheels in case of front-wheel slippage and helps maintain a balanced driving power when agility is needed most.

STABILITRAK®

With one of the world's most advanced vehicle dynamic control systems, your vehicle's response to steering input is constantly monitored. When needed, StabiliTrak applies brakes individually or modulates the throttle to help you get back on track and maintain your vehicle's composure.

DRIVER INFORMATION CENTER

With the Driver Information Center, whether electronic or analog, numerous on-board systems are monitored, and you instantly receive information, so you always know your vehicle's status.

HALOGEN HEADLAMPS

These impressive halogen lamps are brighter than sealed beam units, so they illuminate more of the road for better vision. Plus, they include flash-to-pass feature and Twilight Sentinel.

DAYTIME RUNNING LAMPS

Daytime Running Lamps are reduced-intensity lights. During the day, they make your vehicle easier to see by other drivers and pedestrians.

TIRE PRESSURE MONITORING

Tire pressure loss often occurs gradually and without the driver noticing. The tire pressure monitoring system alerts you of air pressure loss in any of the tires (except the spare) with a warning indicator on the instrument panel or a message displayed on the driver information center—plus it gives you audible warnings, so you'll always know when to check your tires. Does not apply to spare tire.

AUTO-DIMMING REARVIEW MIRROR

You don't have to tilt your rearview mirror to avoid the glaring lights from vehicles behind you anymore. Our rearview mirror automatically darkens using high-tech sensors and advanced circuitry, which recognizes and reduces rear-approaching light to

help you avoid eyestrain and driver fatigue.

Protection

If a collision should ever occur, we've taken steps to help keep you and your passengers protected. Because your safety is important, each one of our vehicles is engineered with numerous occupant-protection safety features. From a steel cage body to numerous air bags to 3-point safety belts, our vehicles are designed with your safety and well-being at the forefront.

AIRBAGS

In these demonstrations, we've illustrated the deployment of the dual-stage frontal air bags[†] and side-impact air bags[†] for driver and front-right passenger as well as head-curtain side air bags[†] for front and outboard rear occupants.

SAFETY BELTS

3-point steel safety belts are standard for all positions. Front seat safety belts have pretensioners which cause the safety belts to tighten to reduce belt slack in crashes severe enough to deploy the frontal air bags.

LATCH FOR CHILD SEATS

The Lower Anchors and Top tethers for CHildren (LATCH) system is standard on all models to securely attach your child's car seat.

ADVANCED SAFETY: SAFETY CAGE CONSTRUCTION

The safety cage surrounds the passenger compartment and is designed to help maintain occupant space in a collision. Front and rear crush zones are also engineered to help absorb and channel impact energy.

Assurance

Even with the prevention and protection features, our safety measures don't just stop there. That's why we offer OnStar^{***} to assist you in anything you might need such as step-by-step accident guidance and a link to emergency services. We want you to know our concern for your safety doesn't end at impact.

OnStar Services, standard for one year

OnStar Accident Assist,^{††} Get step-by-step guidance about what to do in the event of an accident.

OnStar Automatic Notification of Air Bag Deployment,^{††} An OnStar Advisor can call your vehicle in the case of air bag deployment to find out if you need assistance.

OnStar Emergency Services, An OnStar Advisor can call for help if your vehicle is involved in a frontal-, rear-, or side-impact crash—regardless of air bag deployment.

OnStar Remote Door Unlock,^{††} Send a signal to an OnStar Advisor who can, in most cases, unlock your doors remotely.

OnStar Roadside Assistance, Contact OnStar if you run out of gas or get a flat tire, and we'll send assistance to your exact location.

OnStar Stolen Vehicle Location Assistance,^{††} OnStar will work with authorities to attempt to locate your vehicle if it is stolen.

OnStar Vehicle Diagnostics,^{†††} Get monthly e-mail diagnostic reports of your vehicle's key systems.

WARRANTY

Coverage§

Covered for three years/36,000 miles, whichever comes first:

- The complete vehicle
- Tires
- Towing to your nearest Pontiac dealership
- Cosmetic corrosion resulting from defects
- Repairs made to correct any vehicle defect
- No charge for most warranty repairs

Covered for five years/100,000 miles (whichever comes first, see dealer for details)

General Motors will warrant each 2009 model year passenger car for 5 years, or 100,000 miles/160,000 kms (whichever comes first, see

dealer for details). with no deductible, whichever comes first, from the original in-service date of the vehicle, for warrantable repairs which are required as a result of defects due to material and/or workmanship to the Powertrain components as listed below:

- **Engine**

Cylinder head, block, timing gears, timing chain, timing cover, oil pump/oil pump housing, OHC carriers, valve covers, oil pan, seals, gaskets, turbocharger, supercharger and all internal lubricated parts as well as manifolds, flywheel, water pump, harmonic balancer and engine mount. Timing belts are covered until the first scheduled maintenance interval.

- **Transmission/Transaxle/Transfer Case**

Case, all internal lubricated parts, torque converter, transfer case, transmission/transaxle mounts, seals, and gaskets.

- **Drive Systems**

Final drive housing, all internal lubricated parts, axle shafts and bearings, constant velocity joints, axle housing, propeller shafts, universal joints, wheel bearings, locking hubs, front differential actuator, supports, front and rear hub bearings, seals and gaskets.

- **Courtesy Transportation Program**

During the warranty coverage period, alternate transportation and/or reimbursement of certain transportation expenses will be available under the Courtesy Transportation Program if your vehicle requires warranty repairs. Several transportation options are available. Refer to your Owners Manual for details, including reservation of rights, or consult your dealer/retailer.

Roadside Assistance Program

General Motors is proud to offer the response, security, and convenience of the 24-hour Roadside Assistance Program for a period of 5 years or 100,000 miles/160,000 kms., whichever comes first. Refer to your Owner Manual for details, or consult your dealer/retailer. The Roadside Assistance contact information is listed in the Customer Assistance Offices section of the Warranty and Owner Assistance Information booklet.

What Is Not Covered

All the above items are not covered for damage due to accident, misuse, alteration, insufficient or improper maintenance, contaminated or poor quality fuel. For complete details refer to your Warranty and Owner Assistance Information booklet.

This is a supplement to the express conditions and warranties described in the Warranty and Owner Assistance Information booklet. Other coverages are not extended or altered due to this supplement.

For 2009 model year passenger cars requiring a more comprehensive coverage than what is provided with this warranty and the New Vehicle Limited Warranty, an authorized GM service contract (GM Protection Plan) is available through your dealer/retailer. These are the only plans recommended by General Motors. See your dealer/retailer for details.

Covered for six years/100,000 miles, whichever comes first:

- Rust-through corrosion

Corrosion Protection

Pontiac vehicles are designed and built to resist corrosion. All body and sheet metal components are warranted against rust-through corrosion for six years or 100,000 miles, whichever comes first. Application of additional rust-inhibiting materials is not required under the corrosion coverage and none is recommended. See your Pontiac dealer for terms of this limited warranty.

An Important Note about Alterations and Warranties

Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New-Vehicle Limited Warranty. The special body company, assembler, equipment installer, or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems, or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials, or workmanship of any alterations by such suppliers.

* Manufacturer's Suggested Retail Price. Tax, title, license, dealer fees, and optional equipment are extra.

** Always use safety belts and proper child restraints even with air bags. Children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat.

*** OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. OnStar Vehicle Diagnostics available on most 2004 MY and newer GM vehicles. Diagnostic capability varies by model. Visit onstar.com

for system limitations and details.

†Head curtain air bags are designed to help reduce the risk of head and neck injuries to front and rear seat occupants on the rear side of certain side-impact collisions. Always use safety belts and proper child restraint, even with air bags. Children are safer when properly secured in a rear seat. See the owner's manual for more safety information.

†† Success varies with conditions.

††† Available on most 2004MY and newer GM vehicles. Diagnostic capabilities vary by model.

§ For 2009 Passenger Car and Light Duty Truck and Van models. This warranty is for GM vehicles registered in the U.S.A. See your Pontiac dealer for terms and conditions.

§§ Service fees apply. Only available in the 48 contiguous United States. Visit gm.xmradio.com for details.

§§§ Requires Antilock Braking System and is not available in certain areas. See dealer for details.

¹OnStar Hands-Free Calling requires a Hands-Free Calling-enabled vehicle, existing OnStar service contract, and Prepaid Minute Package or enrollment in America's Choice® Plan With OnStar®. Not available in Alaska and some other markets. Calls made using prepaid minutes may be made to the U.S. and Canada only.
