- 1 Manufacturer's suggested retailer price. Tax, title, license, dealer fees, and optional equipment extra.
- 2 Always use safety belts and the correct child restraint for your child's age and size. Even in vehicles equipped with air bags, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See your vehicle's Owner's Manual for more information.
