XF  
XFR

ACCLAIMED RIDE AND HANDLING WITH HANDCRAFTED INTERIORS. THIS IS SPORTING LUXURY. (EUROPEAN MODEL SHOWN.)

## XF. This is sporting luxury.

The XF is the first sporting sedan to deliver Jaguar's stunning new design language. Its bold new face looks to the future, while reaffirming the marque's sporting DNA. The styling is modern, underpinned by Jaguar's strength of driver-focused engineering and the emotional power of its design and craftsmanship. With a profile that is both athletic and assertive, the dramatic lines of a coupe envelop a spacious cabin with four doors and seating for five adults. This is a sports car and a luxury sedan. The latest in a long line of beautiful, fast cars.
