

Sensational Perana Z-One makes NA Debut

Those of you in attendance at this year's Concorso Italiano will be treated to the spectacular Perana Z-One coupe designed by Zagato.

In addition, representatives from **Superformance Distribution** (the US distributor) of the Perana Z-One, as well as Zagato's Marketing Manager, will be on hand to showcase the car and answer all your questions.

The Perana Z-One was only destined to be sold into Europe, the United Kingdom, and the United Arab Emirates. There was a surprisingly strong response from the USA and it was decided to make a limited amount (99 per annum) available to the US market. The car was first shown as a concept at the 2009 Geneva Motor Show, and created quite a stir. It then received much acclaim at the Villa d'Este Concours.

Hidden under the Z-One's voluptuous skin is a powerful Corvette V8 nestled into a specially built chassis.

If you are into cool Italian-designed machinery this is one car you will want to check out. Don't miss it Friday, August 13th at the **Concorso Italiano** to be held on the beautiful rolling lawns of the Laguna Seca Golf Ranch.
