

2009 SUBURBAN. EVERY BIG FAMILY WILL WANT ONE.

For 73 years, Chevy Suburban has filled your big needs with powerful Vortec engines like the standard 5.3L V8 engine in half-ton models that incorporates Active Fuel Management technology and helps Suburban 2WD offer an EPA estimated MPG 20 highway. We know families travel in Suburban every day, so the list of standard safety features includes StabiliTrak and head-curtain side-impact air bags¹ for all rows. 2009 half-ton models earned the highest possible rating in government frontal and side-impact crash tests — five stars²

¹ Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger air bag. See the Owner's Manual and child safety seat instructions for more safety information. ² Side-impact crash test rating is for a model tested with standard head-curtain side-impact air bags (SABs). Government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (www.safercar.gov). ³ E85 is a combination of 85% ethanol and 15% gasoline. Go to gm.com/biofuels to see if there is an E85 fuel station near you. ⁴ Maximum payload capacity includes weight of driver, passengers, optional equipment and cargo. Cargo and load capacity limited by weight and distribution. ⁵ Maximum trailer weight rating assumes a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your Chevy dealer for additional details. ⁶ Gross Vehicle Weight Rating (GVWR).
