## THE KARMA

### Performance TECHNICAL SPECIFICATIONS

Performance

- Plug-in hybrid technology Q DRIVE
  - 0-60 in less than 6 seconds (0-100 km/h 6 seconds)
  - Top speed 125 mph (200 km/h)
- Exterior
- Two Driving Modes: The driver will be able to select between two modes of driving. The first mode is Stealth Drive, which is the quiet economy mode for optimal relaxed and efficient driving. By flipping the second paddle behind the steering wheel, the car will switch to Sport Drive, which will access the full power of the vehicle.
- Interior
- Regenerative brakes featured to recapture braking energy
  - Low center of gravity provides optimal sport vehicle driving dynamics

Dimensions

### World's First Luxury Plug-in Hybrid Electric Vehicle
