

- **The 2010 SLK350 Roadster**  
MSRP \$51,900
- **Passenger capacity**  
2
- **Trunk capacity**  
9.8 cu ft (top up), 6.5 cu ft (top down)
- **Transmission type**  
7-speed automatic

- **Engine**  
3.5L 24-valve V-6
- **Power**  
300 hp @ 6,500 rpm
- **0 - 60**  
5.4 seconds
- **City Fuel economy (mpg)**  
18 mpg
- **Highway Fuel economy (mpg)**  
26 mpg

► **COMAND system with 6.5-inch LCD display**  
Control the radio, CD/DVD changer, and more without taking your eyes off the road

► **Heating Package**  
Enjoy a stream of heated air to your neck along with heated front seats

► **Service and Parts**  
Superior care for the life of your Mercedes-Benz

► Print

Exterior Dimensions

Wheelbase	95.7 in	Curb weight	3,318 lb
Overall length	161.5 in	Coefficient of drag	0.34 cd (top up)
Overall height	51.1 in (top up)	Overall width	70.4 in

Interior Dimensions

<b>Front</b>		<b>Trunk capacity</b>	
Headroom	37.9 in	Trunk capacity	9.8 cu ft (top up), 6.5 cu ft (top down)
Legroom	42.5 in		

Engine, Drivetrain, and Performance

<b>Engine</b>		<b>Drivetrain</b>	
Net power	300 hp @ 6,500 rpm	Transmission	<ul style="list-style-type: none"> <li>• 7-speed automatic, electronically controlled shifting</li> <li>• Driver-adaptive programming adjusts shift points</li> </ul>
Fuel tank (capacity - reserve)	18.5 - 2.4 gal		

Fuel and ignition system	Integrated sequential multipoint fuel injection and ignition includes individual cylinder control of fuel spray, spark timing/phase, and antiknock. Electronic throttle. One high-energy ignition coil and spark plug per cylinder. 100,000-mile spark plug intervals	<p>to the driver's current driving style</p> <ul style="list-style-type: none"> <li>• Touch Shift allows driver to manually downshift and allows upshifts by nudging the shift lever left or right from the Drive position</li> <li>• Shift into Optimum Gear programming allows one-touch selection of the best gear for maximum acceleration or engine braking by holding the shift lever to the left of Drive for one second</li> <li>• Driver-selectable Comfort mode starts the vehicle moving in 2nd gear or 2nd Reverse gear, and upshifts at lower rpm/ to help improve control on slippery surfaces</li> </ul>
Net torque	265 lb-ft @ 4,900 rpm	
Compression ratio	11.7:1	
Construction	3,498-cc DOHC 24-valve V-6 High-pressure aluminum-alloy cylinder block and alloy heads with a counter-rotating balance shaft	
Fuel requirement	Premium unleaded gasoline, 91 pump octane	
<b>Performance</b>		
Acceleration(2)	0 - 60 in 5.4 seconds	
		Drive configuration      Rear-wheel drive
		Rear axle ratio      3.27:1
		<b>Fuel economy</b>
		EPA estimate(3)      18 mpg
		Highway estimate(4)      26 mpg
		Emission certification      bin 4 counted as ULEV of LEV II
<b>Chassis and Traction Control/Stability Systems</b>		
<b>Chassis</b>		
Front suspension	Independent 3-link with antidive geometry and lowered ride height. Stabilizer bar	

Springs/shock absorbers	Front coil springs over gas-pressurized shock absorbers and separate rear coil springs and shock absorbers
Rear suspension	Independent 5-arm multilink with lowered ride height, and geometry for antisquat and alignment control. Stabilizer bar
Steering type	Direct-Steer System with input-dependent variable steering ratio and vehicle-speed-sensitive power assist. Power-assist rack-and-pinion with integrated hydraulic damper.
Turning circle	34.5 ft curb-to-curb

▾ Brakes, Wheels, and Tires

<b>Brakes</b>		<b>Wheels/Tires</b>	
Brakes	Dual-circuit power-assisted 4-wheel disc brakes. 13.0" ventilated front discs and 11.4" solid rear discs. Single-piston floating front and dual-piston fixed rear calipers	Wheels	17" 5-split-spoke (7.5 x 17.0 front/ 8.5 x 17.0 rear)
Antilock Braking System (ABS)	ABS senses impending wheel lockup under heavy braking and pumps the front brakes individually or the rear brakes together (to help maintain stability) as needed up to 30 times per second, to prevent lockup and maintain steering ability	Tires	225/45 R17 front — 245/40 R17 rear, high-performance
Brake Assist (BAS)	BAS senses emergency braking via the speed at which the driver presses the brake pedal and immediately applies maximum available power boost, potentially reducing the overall stopping distance by eliminating the delay caused by a common human tendency not to brake hard enough, soon enough. Letting up on the brake pedal releases BAS		

Exterior and Interior Features

**Exterior Features**

17" 5-split-spoke wheels

Formula 1-style nose with color-keyed grille crossfins

Electrohydraulic retractable steel hardtop

- One button lowers or raises the top and all four side windows
- Rear window pivots 150 degrees while top folds

Trunk lid opens at front for top retraction and at rear for cargo access

Dual heated power mirrors

Electrically heated rear window

With auto-shutoff based on time, driving speed, and outside temperature

Dual aero-blade windshield wipers

Variable-focus projector-beam halogen headlamps with clear high-impact polycarbonate lenses

- Halogen front foglamps in front apron
- Single red rear foglamp, integrated in left taillamp cluster

Driver-selectable light-sensing headlamps

Can be set via the Auto position of the headlamp switch to automatically illuminate in darkness

Driver-programmable daytime running lamps

Red and smoke-tinted rear lamps with dual-intensity LED brake and taillamps

Three-spoke multifunction steering wheel

Provides convenient additional controls for basic audio functions, as well as operation of the multifunction display

Power front side windows

- With one-touch express-up/down
- One-button lowering or raising of all four windows via power top switch

REST mode

Can ventilate the cabin or help keep the cabin warmer using residual heat for up to 30 minutes after the car has been turned off

Electronic cruise control

Delayed-shutoff courtesy lamps and dual front reading lamps

- Enclosed storage in console and on rear cabin wall
- Illuminated glovebox
- Pockets in both doors
- Parcel net in right front footwell

Enclosed storage in console and on rear cabin wall

- Illuminated glovebox
- Pockets in both doors
- Parcel net in right front footwell

Retractable dual cupholder

Trunk

- Illuminated and carpeted
- Movable rigid cover allows for increased storage capacity when hardtop is up

Dual-zone climate control with dual rotary automatic temperature controls

Manual control of blower speed and airflow distribution

Automatic lamp substitution uses a nearby lamp if a critical bulb fails

Touch Turn Signals

- Flash three times with one touch of the turn-signal lever
- Auxiliary LED turn-signal indicators are integrated with side-mirror housings

**Instrumentation**

Electronic analog speedometer, tachometer, and quartz clock

Electronic analog speedometer, tachometer, fuel gauge, and gauges for fuel level and coolant temperature

Audible reminders and messages

- For open door and exterior lamp failure
- For low fuel, engine oil, coolant, and washer fluid
- To release parking brake, switch off headlamps, and remove ignition key

Black gauges with white markings and silver instrument tubes

Multifunction display in instrument cluster

Scrolled via steering-wheel controls to operate and display various menus and vehicle features:

- Resettable trip meter and outside temperature indicator
- Digital speedometer, coolant temperature, and Maintenance System (see below)
- Radio station, CD player, 6-disc CD changer, iPod playlist/track (with optional iPod/MP3 Media Interface), and SIRIUS Satellite Radio
- DVD-based navigation system route guidance

Dash-top diffuser vent

Electrostatic dust/pollen filter and activated charcoal filter

4-way (tilt/telescoping) power steering column

Position-linked to driver's seat memory

- Vehicle reminder and message indicator
- Driver-programmable settings for displays, lighting, and vehicle and convenience features
- Trip computer (elapsed time, fuel consumption, and distance to empty)
- Mobile phonebook

Mercedes-Benz Maintenance System Plus

Displays distance remaining to next basic maintenance service, indicates type of service due, and provides automatic reminder when service interval draws near

Advanced Tire Pressure Monitoring System

▼ Safety and Security Systems

**Restraint Systems**

Mercedes-Benz mbrace Automatic Collision Notification

Engages the SOS function if an air bag or ETD deploys

Head restraints

Dual height-adjustable head restraints

Dual-stage front air bags

Deployed in response to frontal impact severity exceeding a preset deployment threshold

Seat belts

Include lower points attached to seat frames

Integrated Restraint System

Driver and passenger are each provided with a front air bag, knee bag, side-impact head/thorax air bag, and 3-point seat belt with Emergency Tensioning Device (ETD) and belt force limiter

**Locking & Security**

SmartKey

- SmartKey remote control integrates Remote Door Unlock, trunk opener, removable valet key, and panic alarm
- Driver may selectively unlock only the driver's door and fuel filler or all doors plus the trunk and fuel filler
- Remote locking uses both infrared and radio-frequency signals for improved range and rolling-code signal for protection from cloning

Locator lighting

- Uses the car's lights to help illuminate a return path when the car is remote-

Occupant Classification System (OCS)	OCS automatically turns the front passenger's front air bag on or off and adjusts the air bag inflation rate based on the weight category determined by weight sensor readings from the front passenger seat	unlocked in darkness <ul style="list-style-type: none"> <li>Unlocking car activates illuminated entry system</li> </ul>
Emergency Trunking Devices (ETDs)	ETDs are deployed in a front or rear impact exceeding a preset threshold of severity, or certain rollovers. A front ETD will not deploy if seat belt is unfastened	Emergency trunk release: Located inside trunk and illuminated for 60 minutes after trunk lid is closed
		Antitheft alarm: With remote panic feature
		mbrace GPS-based Stolen Vehicle Recovery: Helps law enforcement agencies track and recover stolen vehicles
		mbrace Remote Door Unlock
		mbrace Anti-Theft Alarm Notification: Alerts Mercedes-Benz to contact vehicle owner if antitheft alarm sounds
		Driver-programmable driveway locking: Can automatically lock the doors when the car reaches 9 mph
		Night security illumination: Uses the car's exterior lights to help illuminate a path after parking

▼ **Comfort and Convenience Features**

<p><b>Seating &amp; Trim</b></p> <p>8-way manual sport seats with silver-painted magnesium frame</p> <hr/> <p>Leather upholstery on seats, head restraints, and door-trim inserts</p> <hr/> <p>Three-spoke multifunction steering wheel and shift knob</p> <hr/> <p>Silver trim on doors, dashboard, and console</p>	<p><b>Audio, Navigation, and Communication</b></p> <p>AM/FM stereo/weatherband radio with in-dash 6-disc DVD/CD changer</p> <hr/> <p>Fiber-optic network: Offers precise, high-speed communication among components</p> <hr/> <p>In-dash audio system operating panel: Integrates controls and displays for the radio, CD player, and 6-disc CD changer</p>

<p><b>Sport Package</b></p>	<ul style="list-style-type: none"> <li>• Shift paddles with manual mode</li> <li>• Sport bodystyling including: front air dam, side skirts, rear apron, and trunk lid spoiler</li> <li>• Sport suspension</li> <li>• 18" AMG multispoke wheels</li> </ul>
.....	
<p><b>Heating Package</b></p>	<ul style="list-style-type: none"> <li>• AIRSCARF neck-level heating system</li> <li>• Cloth windscreen</li> <li>• Heated seats</li> </ul>

1. Figures are with top up unless listed otherwise.
2. Stated rates of acceleration are based upon manufacturer's track results and may vary depending upon model, environmental and road surface conditions, driving style, elevation and vehicle load.
3. 2009 EPA estimated fuel economy. Compare the estimated mpg to the estimated mpg of other vehicles. You may get different mileage depending on how fast you drive, weather conditions and trip length.
4. Your actual highway mileage will probably be less than the highway estimate.
5. Braking effectiveness also depends on proper brake system maintenance, and tire and road conditions.
6. Lower aspect ratio tires and accompanying wheels provide substantially increased treadwear, increased tire noise and reduced ride comfort. Serious wheel and tire damage may occur if the vehicle is operated on rough or damaged road surfaces or upon encountering road debris or obstacles. These tires are not designed for use on snow and ice. Winter tires mounted on appropriately sized and approved wheels are recommended for driving in those conditions.
7. Unsecured cargo can become hazardous in a collision. Always secure cargo using floor-mounted tie-downs.
8. When equipped with this feature.
9. WARNING: THE FORCES OF A DEPLOYING AIR BAG CAN CAUSE SERIOUS OR FATAL INJURIES TO A CHILD UNDER AGE 13. See Operator's Manual for warnings and information on air bags, seat belts, seating of children in the vehicle and the use of child restraints.
10. Mercedes-Benz mbrace is optional on all C-Class, GLK-class, R-class, and E-class coupe models. When equipped with mbrace, there is a 6 month trial period of the mbrace Package on new vehicles and an optional 3 month PLUS Package trial. Three month mbrace Package trial period is offered on Certified Pre-Owned and pre-owned sales at an authorized Mercedes-Benz dealer. Subscriber Agreement required for service to be active. Service operates only where cellular and Global Positioning Satellite signals are available and requires adequate power supply. In order to activate Stolen Vehicle Location Assistance, you must provide your mbrace Personal Identification Number (PIN) and valid stolen vehicle police case number. PIN is additionally required for Remote Door Unlock.
11. OCCUPANT CLASSIFICATION SYSTEM (OCS) IS DESIGNED TO TURN THE PASSENGER'S FRONT AIR BAG OFF WHEN THE SYSTEM SENSES THE WEIGHT OF A TYPICAL CHILD 12 MONTHS OLD OR LESS PLUS THE WEIGHT OF A STANDARD APPROPRIATE CHILD RESTRAINT. SEE OPERATOR'S MANUAL FOR IMPORTANT ADDITIONAL INFORMATION ON THIS SYSTEM AND FOR FURTHER INFORMATION REGARDING THE TRANSPORTATION OF CHILDREN HEAVIER THAN A TYPICAL 12-MONTH-OLD.
12. Please see your dealer for warranty details as well as for terms, conditions and pricing for extended warranty options. Surcharges for extended warranties apply after the first year.
13. Whichever comes first. Requires use of 229.5-spec oil and high-performance fleece oil filter. Driver is responsible for monitoring fluid levels and tire pressure between service visits. See Maintenance Booklet for details.
14. On models with different-sized front and rear tires, which cannot be rotated, dealer will inspect tires and set inflation pressure. Follow tire manufacturer's recommendations.
